

Figure 1

The screenshot shows the Toshiba Printer Utility Agent Internet Explorer interface. The interface is divided into several sections:

- Menu Bar:** File, Edit, View, Favorites, Tools, Help.
- Toolbar:** Contains various icons for file operations.
- TopAccess:** A section with a status bar showing "Ready | Online".
- Document Type:** A section with three dropdown menus: Resolution, Exposure, and Original Size.
- Email Notification:** A section with two checkboxes: "Send email when an error occurs" and "Send email when job is completed".
- Email Address:** A text input field.
- Agent Settings:** A section with the text "Where you want to send the scanned document?".
- Send To:** A section with five text input fields: Location, Login UserName, Password, File Name, and File Format.
- Resource not found for:** A section with the text "Resource not found for WEB_SCAN_FILEPRINT_PRINT_OPTION WEB_SCAN_FILEPRINT_PRINT_IMMEDIATELY".
- Buttons:** OK, Cancel, Reboot, Shutdown, Off-line, Print Device Configuration, Print PCL Fonts, Print PS Fonts.
